# Families are grateful...

“Through this email I would like to extend my gratitude for seeing me taken into account with this contribution that has been of great help to us, of \$500.00 dollars, my boy Jimmy is 3 years old and he was diagnosed with cancer, (lymphoblastic leukemia) on August 26 -2022 and since then the life of my child and mine changed completely, since our struggle has been constant, I am a single mother and everyone who has gone through this situation knows how difficult it is to have a sick child in this situation, but thanks to God and to people like you, we are getting ahead little by little. I am going to use the money to make Christmas dinner, food, clothes and shoes that I did not have. Thank God and you for your contribution we are very grateful for your help, thank you and God bless you.”

- Through your support and generosity it has been a very good year!
- We have accomplished much in 25 years, and we will continue celebrating our 25th anniversary in 2023!
- But always there is more to do! Our hope is to build a sustainable future, provide for even more families in need and assist families at a greater level than we have before.
- And as our work continues we ask for your ongoing support and generosity!
